**MEMORANDUM FOR THE ENGINEER INSPECTOR GENERAL**

**SUBJECT: Inspection of Section 902 Cost Limit Requirements for Civil Works Projects**

1. You are directed to conduct an inspection to evaluate Section 902 Cost Limit Requirements for Civil Works Projects within the US Army Corps of Engineers (USACE). This inspection will encompass all levels of the command and will address the following focus areas:
  - a. Compliance with established USACE policy and processes.
  - b. Effectiveness of current policies, practices and quality assurance.
2. My staff and subordinate commanders will provide you with any assistance necessary to ensure a thorough inspection.
3. At the conclusion of the inspection, present me with a report of your findings, observations, and recommendations for corrective action.

  
THOMAS P. BOSTICK  
Lieutenant General, USA  
Commanding
